

Water restrictions: Yarraman Water Supply Scheme Level 1

The following table summarises the water restrictions in place for all areas connected to the Yarraman water supply scheme.

Activities	Usage permitted under Level 1
Watering of gardens and lawns - with handheld hoses or buckets/watering cans	Permitted at any time
Watering of gardens and lawns - Using irrigation devices and installed systems NOTE: Requirements for any new irrigation system installations must follow the QWC water Efficiency Guideline: Efficient Irrigation for Water Conservation Guidelines (March 1, 2009)	ONLY on the following times and days: 7am - 9 am and 5pm - 7 pm ODD or unnumbered properties: Tuesday, Thursday & Saturday EVEN numbered properties: Wednesday, Friday & Sunday
Watering of new turf only until established	Two hours per day on days not otherwise permitted above
Washing of motor vehicles , boats, caravans, trucks/trailers	Permitted
Washing of buildings	Permitted
Filling of swimming pools & external spas. Note: Pool owners are encouraged to keep their pool covered when not in use.	Permitted
Operation of water toys	Permitted
Filling ponds and fountains	Permitted
Water use in construction	Permitted
Irrigation of sporting fields , bowling greens, etc	Maximum of 12 hours per week with sprinklers or watered in accordance with a Water Conservation Plan approved by Council.

Please note: All residents are urged to minimise water usage at all times to preserve existing supplies. Private bore water users are also requested to reduce usage where possible as aquifer levels throughout the region are steadily falling.
